Open Doors	\$ 530

## Offering Schedule

**July 8 - The Bible League** In more than 40 countries worldwide, Bible League Canada partners with churches, indigenous Christian and community leaders, and local governments. Together with their faithful supporters, they are able to pro-

(cont. on page 3)

(Offering Schedule cont.)

vide Bibles, training and resources for Christians who are working on the ground, delivering the Good News to those who have never heard it.

### July 15 - Missionary Karen Lubbers

Partnering with CRWM, Karen Lubbers will be serving the children and youth in and around Soroti, Uganda. Her hope is to do this by drawing together young adults from many of the local churches and training them on how to start and run a lively children's ministry. She'll be guiding young adults in story telling methods, explaining Bible stories, planning lessons and craft ideas, and then sending them back to teach the children in their churches.

She will also continue to encourage former child soldiers living in the surrounding villages by bringing words of peace and forgiveness and assisting with income generating projects like goats or cassava crops.

**July 22 - Ottawa Christian Reformed Campus Ministry** The Ottawa Christian Reformed Campus Chaplaincy is working to establish a gener-

ous space for faith within the University of Ottawa. We are working to find the places where faith intersects with learning and do so through an open chaplaincy office, meeting with student groups for various events and topics, and showing up in classrooms and at events in order to bring a Christian faith presence and perspective into the life of the University. The hope and dream is to see an avenue of Christian worldview development among students that serves God and benefits the community life of the University.

### July 29 - World Renew - Maternal and Child Health

is an important part of the community development work in most of the countries they work in. Many women who live in poverty have no information and lack the freedom to make decisions about their own and their children's health. Hundreds of thousands of women die during pregnancy or childbirth every year, and nearly nine million children die before reaching the age of five. Many of these deaths can be prevented through community-based health promotion, education and nutrition programs.
